

# Kids' Mirrors

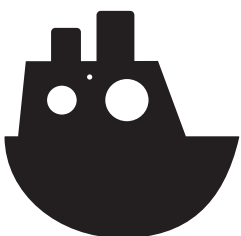

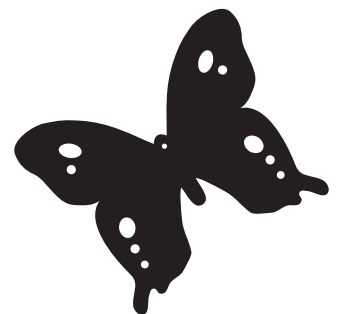

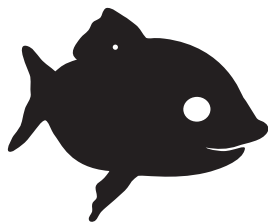

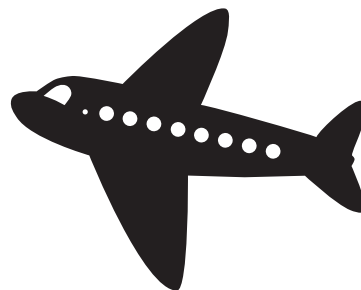

Designed by

**Kids' Mirrors** are a wonderful and playful decoration for your child's room. The mirrors are made from stainless steel with single-sided mirror-finish. That means they don't break and they are easy to fix on i.e. walls or cupboards either simply with double sided sticky tape or with small screws.

## Kids love them!

They can discover the shapes and themselves in them.

Made in Hong Kong

# Kids' Mirrors

all 450 HKD

**Airplane** 270 x 216 mm
